[Intro] One two Right about now I'd like to dedicate this song out to my main homey Mike D Aight? Ready... go Get on the mic, get-get on the mic Just get on the mic, get on the mic Mike! [Verse One] Let's be real and don't cloud the issue The rhymes are rope, an emcee you must listen to People say that they been missin me and missin you Get on the mic and let's show them like we used to Well, you say fuck, yo homes, fuck this! I'm King Ad-Ram and you're Dick Butkus! One half science And another half soul Nickname Mike D not Fat Morton Jelly Roll Got busy in Frisco, fooled around in Fresno Got over on your girlie cause you know she never says no So just get on the mic, just get on the mic Just get on the mic, get on the mic Mike! [Verse Two] Well Mike D, is a special individual Pullin out knots And pullin in residuals Go to the movies get the Rolos The cholos ridin slow and low Mike on the mic And bust with the solo Mike my stromy, don't be so selfish Get on the mic cause you know you eat shellfish
