Get on the mic, Mike, let's be real and don't cloud the
issue

The rhymes are rope, an M.C. you must listen to
People say that they been missin' me and missin' you
Get on the mic and let's show them like we used to

You say fuck, that I say fuck this
The king Ad-Whammy has never been limp Dick Butkus
One half science and the other half soul

His name's Mike D. not Fat Morton Jelly Roll

M.C. Busy Le Disco fooled around in Fresno
Got over on your girl 'cause you know she never says
no
Well, Mike D. is a special individual
Pulling out knots, pulling in residuals

Go to the movies, get the Rolos
The cholos riding slow and low
Mike on the mic and bust with the solo
Mike, my stromy, don't be so selfish
Get on the mic 'cause you know you eat shellfish
