Once upon a time up on this mic  
MC's be really workin' on what they write  
With the sound delight we rock all night  
And yes we're gonna party for the right to fight  
We're international like Matt Takei  
Rock the mic from Munich out to Taipei  
Still around the way is where we'll stay  
Say what we mean, mean what we say  
Trajectories from the past are taking their toll and  
What we do now is future moulding  
Columbine bowling, childhood stolen  
We need a bit more gun controlling

Right, Right, Now, Now  
What is goin' on?  
We, We, Gotta, Gotta  
Get it goin' on  
Be, Be, Fore, Fore  
It's Too Far Gone  
We gotta work together, it's been too long

When I get on you scream "Hoo Tight!"  
Rockin' this flow I could go all night  
I'm not here to fight, or incite  
I'm like the beach in the Bahamas make you feel alright  
I'm getting kind of tired of the situation  
The US attacking other nations  
And narration, on every station  
False election's got me losing my patience  
I'm a funky-ass Jew and I'm on my way  
And yes I got to say fuck the KKK  
And oh yeah hey, how about today?  
If you want to set it off then let me hear you say

Right, Right, Now, Now  
What is goin' on?  
We, We, Gotta, Gotta  
Get it goin' on  
Be, Be, Fore, Fore  
It's Too Far Gone  
We gotta work together, it's been too long

I went to get a loan and they asked my race  
I wrote down human inside the space  
It's a disgrace how they try to debase  
It ain't the bank's damn business how my lineage trace  
Now let me drop a verse that's terse and concise  
I'm an iron chef when I slice and dice  
With the rhyme precise, the word is nice  
So please pass me the Reunite on ice  
Well let's go to work and not beserk  
'Cause when the time comes the body goes to dirt  
Try to smooth it out like Levert  
Keep the mind alert and not revert

Right, Right, Now, Now  
What is goin' on?  
We, We, Gotta, Gotta  
Get it goin' on  
Be, Be, Fore, Fore  
It's Too Far Gone  
We gotta work together, it's been too long
