They got a committee to get me off the block  
'Cause I say my rhymes loud and I say 'em nonstop  
Because being bad news is what we're all about  
We went to White Castle and we got thrown out  
I got my boy Mike D. - I got the King Adrock I got the  
jammy with the ammo  
Inside my sock  
I shot homeboy but the bullet was a dud  
So I reached in the Miller cooler - grabbed a cool Bud  
Slow riding, gun hidin' on the go  
I'm fly like an eagle and I drink Old Crow  
I'm the king of the classroom - coolin' in the back  
My teacher had beef so I gave her a smack  
She chased me out of class 0 she was strapped with a  
ruler  
Went to the bathroom - rolled myself a wooler  
With bottle in hand at the microphone stand  
A. yo homeboy - what you drinkin' man  
I got money - I got juice  
I got to the party and I got loose  
I got rhythm - I got rhymes  
I got the girlies with the Def behinds  
I got I'll - I got busted  
I got dust and I got dusted  
I got gold - I got funky  
I got the new dance - they call the Brass Monkey  
Because I'm hard hittin' - always biten - cool as hell  
I got trees on my mirror so my car won't smell  
Sittin' around the house - gettin' high and watchin' tube  
Eating Colonel's chicken - drinkin' Heineken brew  
I'm a gangster, I'm a prankster - I'm the king of the Ave.  
I'm hated, confrontated for the juice that I have  
All the fly ladies are making a fuss  
But I can't pay attention - 'cause I'm on that dust
