Back on a scene for the people's delight  
You want peace for the people then ya you say alright  
Because George W got nothing on me  
We got to take the power from he

Oh, when I'm on the mic I feel good to go  
I like a snow day for school with hot cocoa  
So don't speak what I heard, just say what I know and  
my  
My zodiac sign is Scorpio

Look what the cat dragged in  
The creme de la creme without the skin  
So take a rest and mind your own business  
And that's it, that's all, that's all there is

Fresh, fresh, fresh  
For you, for you, for you  
That's fresh, fresh, fresh  
For you, for you, for you

One for Brooklyn, two for Manhattan  
Let's go to work get those hands clappin'  
Make you bounce, rock, roll and skate  
You don't underrate, how I operate

It ain't what you say, it's what you mean  
'Intention leads to action' that is my theme  
So pay attention now as I begin to recap  
Puttin' words and ideas stacked back to back

Some rhymes go flat, well mine go fizz  
I got no time for the drama 'cause stress is for kids

'Cause when you're dead and buried well, you got no  
business  
And that's it, that's all, that's all there is

Fresh, fresh, fresh  
For you, for you, for you  
That's fresh, fresh, fresh  
For you, for you, for you

The time and place for the mind is here and now  
Keep the mind present less to worry about  
But like the hammer to the nail, hit the nail on the head  
Well I don't shoot blanks and I don't shoot lead

'Cause I'm a freaky streaker like Winnie The Pooh  
With T-shirt and no pants and I dance the bugaloo  
Like George Whipple on New York One  
Got a hairy ass and that's no fun

I'm in the rhyme zone, a different time zone  
And on the microphone, you know that I'm at home  
It's time we looked past all our differences  
An' that's it, that's all, that's all there is, come on

Fresh, fresh, fresh  
For you, for you, for you  
That's fresh, fresh, fresh  
For you, for you, for you

And that's fresh, fresh, fresh  
For you, for you, for you  
That's fresh, fresh, fresh  
For you, for you, for you
