There weren't no rhymin' at the beginning right there.

Ahh yeah, I'm just gonna bring them in like an  
introduction. I gotcha, I gotcha super Mario. Mario...  
Mariooooo.

Ahhhhright y'all, comin' to you with full force. Yo, I'm  
not on the sauce, but we gonna do it a little something  
like this.

Never trust a HAL-9000  
When it comes to fire, I'm dousin'  
Pick up your mic and start joustin'  
Prayin' mantis style, not Shaolin  
I don't want the capers, I'm frownin'  
Order in vegetarian shark's fin  
Throwin' chrome-domes in a tail spin  
'Cause I don't drink scotch and I don't drink gin  
When it comes to books with rhymes within  
Packed like sardines in a tin  
Tight-ass parties I'm roastin'  
Karate-chop some round housin'

Ahh, that was Mario's fault!
