Keep standing in a cold day dawning

All alone in the street

Keep staring at hall and calling

"To be or not to be"

Christine

I'll try to make you shiny bright

Christine

Forever we can work it out

Keep standing in a cold day dawning

All alone in the street

Keep staring at hall and calling

"To be or not to be"

Christine

I'll try to make you shiny bright

Christine

Forever we can work it out
