Follow me

Baby, I won't let you leave if you believe in me  
And I'll always set you free from all those yesteryears  
But you don't know how much  
I got believe in you

I was staring at your shoulder shivering  
In such a coldest summer breeze  
Meanwhile I wonder why we're here  
Look for the line between lover and friends  
We'll be twisting ourselves again

I was standing at the corner on the street  
Watching the wheels are turning free  
Waiting to back up on my feet  
Reading a line between night and day  
I'll be twisting myself again

Follow me

(Follow me)

Baby, I won't let you leave if you believe in me  
(Believe in me...)  
And I'll always set you free from all those yesteryears  
(Ooohhhh)  
But you don't know how much  
I got believe in you
