I don't know since when I changed to such a cold
hearted guy.
I have to warm this frozen icy lonely heart to thaw.
I like being wrapped with warmness more than
anything else for sure.
I'm gonna make my coming days to be filled with
laughter and joy.

I let myself down that I'm more cruel than I thought I
would be.
I'm just a loser who ends up by caring for my soul.
I've become a man from a kid and now turn back to a
kid again.
I can now show and give my love a little more than
before.

Sorrow is what I hate but it's grown my sensations.
Regrets taught me how to make any hard decisions.

Peace is always by my side but I've never felt it once.
Love is not the world only for the sweet romance.

Well I'm scared, scared, scared, scared to death.
And I'm scare to keep on going on my way.
Well I'm scared, scared, scared, scared to death.
And I'll tell myself I'm special till the end.

Recalling my torn broken, aching heart of these long
days.
And all the memories I wanted to forget for making
leaps.
Recalling, aching, breaking, crying, making sure to me.
And I take all and grin at my future on the way.
