I was walking in our town  
I was walking through the store  
I saw a pretty girl  
She held open the door  
I said 'I like you'  
She said that she liked me  
And we could be friends  
In our special stupid way

I went to pacific cafe  
There she was again  
So I said 'hey  
We should go swimming in capital lake'  
We had a lot of fun but then it got real late  
So I walked her home  
And had dinner with her family

That's why we're running away  
That's why we're running away

That's why we're running away  
That's why we're running away  
That's why we're running away  
That's why I had dinner with her family

We went to her friend's house  
To have a cup of tea  
She said that it was true  
She was in love with me  
I knew right then we'd have to be alone  
Cause no one in this whole world could ever  
understand

That's why we're running away  
That's why we're running away  
That's why I had dinner with her family
