Yellow jacket buzz let's honey do
I'll lie down on top of you
Gonna split this womb in two
Haunted hive I'm comin' through

Sting me queen me
Queen sting dream me
Dream queen sting me
Sting queen

What's that growin' in my head
Worker bees, work her bed
I'm driving nails into your mattress head
I'm driving and I'm pumping red

Sting me queen me

Queen sting dream me
Dream queen sting me
Sting queen

Leave(?) some honey
Drippy runny
On your tummy
Rich and yummy

Bee hive in a haunted house
Laying eggs inside my mouth
Gimme something to wash it out
Pour that honey down my throat

Sting me queen me
Queen sting dream me
Dream queen sting me
Sting queen
