I see you crying
see the patterns
they come and go
leave you shattered
you she'd for so many untrue
can you cry for a shadow
can you cry for a heart crying out for you
can you cry for a shadow
no one asked you to
they don't deserve yr priceless tears
and the whisper
fill yr ears
a reflection of a love long due
can you cry for a shadow
Can you cry for a heart crying out to you?
Can you cry for a shadow?
I've cried for a few
Can you cry, cry, cry?
Dry the tears and try try try?
Stop cryin
It doesn't matter
Just come closer
So i can gather
Every drop of yr precious tears
Can your cryin for a shadow
Can your cryin for a heart cryin out to you
Can your cry for a shadow?
Like i cried for you
Can you cry? cry cry
Dry the tears and try
Stop crying
Doesn't matter
Just come closer
So i can gather
Every drop of yr precious tears
When you're crying for a shadow
Crying for a shadow
Like i cried for you
