I was walking in our town
I was walking through the store
I saw a pretty girl
She held open the door
I said 'I like you'
She said that she liked me
And we could be friends
In our special stupid way

I went to pacific cafe
There she was again
So I said 'hey
We should go swimming in capital lake'
We had a lot of fun but then it got real late
So I walked her home
And had dinner with her family

That's why we're running away
That's why we're running away

That's why we're running away
That's why we're running away
That's why we're running away
That's why I had dinner with her family

We went to her friend's house
To have a cup of tea
She said that it was true
She was in love with me
I knew right then we'd have to be alone
Cause no one in this whole world could ever
understand

That's why we're running away
That's why we're running away
That's why I had dinner with her family
