Stars and bars

Don't look into my eyes  
You won't see the answer  
The problem eats me alive  
The inevitable day of judgement  
Is coming soon

Mongrel class  
Shot dead in their tracks  
Fifth of Jack  
Keeps me goin' on and on

Pissing on my neck  
I seem to realize  
It's burning my eyes  
Burning all the way  
I'm sorry but that's a brutal sign

My eyes... I know from breaking  
Rollover somebody else  
Holy Mother will soon hold human life
