(na na nanana... (3x)

Come on and set my soul on fire  
Shine your light on me and inspire  
Don't ever let yourself grow cold  
'cause your story to me is to unfold  
Bring it on and let it shine through  
Feel the power and the light in you  
You might not always understand  
But it's a part of a master plan

(More love) I wanna see you smile  
(More love) I'll always be the one  
(More love) It's a smaller world  
So let's push on through

refren':  
You got the light (3x)  
in you  
(2x)

Yeah  
We need more love in the headphones man, turn me  
up  
Let's do it  
You got that light that'll make me have to put my  
shades on  
We gonna move on up and leave them alone  
Don't let 'em pull you down  
Let me take you higher (higher)  
'cause you got the spark and I keep on shining, girl  
Let's light this fire

(More love) I wanna see you smile (I wanna see you  
smile, girl)  
(More love) I'll always be the one  
(More love) It's a smaller world  
So let's push on through  
We gonna push on through, Come on
