She's a Perfect 10  
But she wears a 12  
Baby, keep a little 2 for me  
She could be sweet 16  
Bustin' out of the seams  
It's still love in first degree  
When he's at my gate  
With a big fat 8  
You wanna see the smile on my face  
And even at my door  
With a poor poor 4  
There ain't no man can replace  
'Cause we love our love  
In different sizes  
I love her body  
Especially the lines  
Time takes it's toll  
But not on the eyes  
Promise me this  
Take me tonight  
If he's extra large (That's Me)  
Well I'm in charge  
I can work this thing on top  
If he's XXL  
Well what the hell  
Every penny don't fit the slot  
All the anorexic chicks  
The model 6  
They don't hold no weight with me  
Well 8 or 9  
Well that's just fine  
But I like to hold something I can see  
'Cause we love our love  
In different sizes  
I love her body  
Especially the lines  
Time takes it's toll  
But not on the eyes  
Promise me this  
Take me tonight  
I bought a watch

To time your beauty  
But I've had to fit a second hand  
I've bought a calendar  
And every month  
Is taken up by loverman  
'Cause we love our love  
In different sizes  
I love her body  
Especially the lines  
Time takes it's toll  
But not on the eyes  
Promise me this  
Take me tonight  
'Cause we love our love  
In different sizes  
I love her body  
Especially the lines  
Time takes it's toll  
But not on the eyes  
Promise me this  
Take me tonight
