Woman goes to heaven, it's not important when  
'Cause as soon as she arrives God has to send her  
down again  
'You've got an extra five years to clean up after men'  
'I mean no disrespect God, but you better make it ten'

Well if heaven's an improvement I won't mind the extra  
squeeze  
I've got a few more birds down there God, after losing  
bees  
Trying to lose their bees

So don't be shocked who queue-jumps or who just  
calmly waits  
A certain type of behaviour the guest list just creates  
No time for lively discussion  
No time for televised debates  
The well-meaning soon become the well meant  
It's the hard sell or hell at the gates

Alcoholic finds himself outside the pearly gates  
I've only got one worry God, a few outstanding slates  
Any tab you used to have's been passed to so called  
mates  
And after they've paid-up they're off to the land of  
empty crates

Heaven is a glass, neither half empty nor half full  
So do us all a favour God and give that thing a pull  
Give that thing a pull

So don't be shocked who queue-jumps or who just  
calmly waits  
A certain type of behaviour the guest list just creates  
No time for lively discussion  
No time for televised debates  
The well-meaning soon become the well meant  
It's the hard sell or hell at the gates

Model turns up hours late, he had to get it right  
If you're gonna look cool in heaven wear something

more than white  
Vanity's close to arrogance, just slightly more polite  
Fashion show a jumble sale at a slightly different  
height

So don't be shocked who queue-jumps or who just  
calmly waits  
A certain type of behaviour the guest list just creates  
No time for lively discussion  
No time for televised debates  
The well-meaning soon become the well meant  
It's the hard sell or hell at the gates
