Like a falling star, you came
In your embrace I find peace, I know grace
You washed away my sorrow and my shame
Freed me from guilt, You bore it on your back
My heart I'd spent to pour out your love
Sweet is the sound of my praise to you, incense of my heart
I want to be in the presence of You
In the depths of your love, deeper than any ocean

Dancing in rejoice on streets of solid gold
You take my hand
You take me higher to a holy place, you take me higher
As this fog lifts, I see the glory of your face
Father would you lead me, I need you to lead me
I will follow
I see you through the eyes of
Through the eyes of faith
I will follow you
