Desire traps you in my head  
I can feel you next to me in bed  
Thoughts of you fill my dreams at night  
Losing focus, you're objectified  
I apologize if my passion scares  
I can feel you when you're not even there  
Together in my imagination  
Never think of separation

Padded cell  
Softly sleeping  
Nightmare life  
Soothing dreaming

Buried beneath the exterior  
Lies a broken little girl  
But i don't care to show you  
My twisted little world  
Collected photos in my bedroom hang above  
Always reminding me of unrequited love

Padded cell  
Softly sleeping  
Nightmare life  
Soothing dreaming
