Turn off everything  
Turn out the light  
Turn off my thoughts for once  
Who needs this life  
Can't speak  
Can't hear  
Only the hurt is crystal clear  
Need you  
Don't hide  
When you're near me all is fine

Face in my hands again  
These walls  
My only friend  
Face in my hands again  
For all time

Silent room  
The light is out  
My thoughts are gusts of wind  
I'm full of doubt  
Don't care, don't know  
My only love who doesn't show  
And this is why  
All I ever do these days is cry

Where are you  
Why won't you call  
Since you've gone  
I talk to the wall

Face in my hands again  
These walls  
My only friend  
Face in my hands again  
For all time
