Memories
Are fading
You were once mine
Never unkind
A long sigh
A soft caress
Now a silence
An emptiness
I'm alone
Staring through
The past I knew
I miss you

Streets are empty
Space surrounding
Sighs soft lullabies
Blurred reflection
A passing perfection
Scarring deep inside
Need a place to hide
From the rain

The cold breeze
Brings you back to me
I smell you in the air
I'm broken beyond repair
Patience
In short supply
I can't replace you
I wouldn't want to try

I'm alone and maybe
It's what should be
Do you miss me
Isolation will repeat
I feel so incomplete

Streets are empty

Space surrounding
Sighs soft lullabies
Blurred reflection

A passing perfection
Scarring deep inside
Need a place to hide from the rain

Streets are empty
Filled with millions
Cold, with empty souls
Searching everywhere
Nothing's ever there
The night inside me grows
I disappear below

...

Streets are empty
Space surrounding
Sighs soft lullabies
Blurred reflection
A passing perfection
Scarring deep inside
Need a place to hide from the rain

Streets are empty
Filled with millions
Cold, with empty souls
Searching everywhere
Nothing's ever there
The night inside me grows
I disappear below
