I'm waiting for you under blue christmas lights
Trimmed the wick and lit the candle, scent you've
always liked
Seems like i watch the clock each hour
Only two minutes pass
And when you finally make it, I know
Our time won't last

So I wait
Wait
Wait
For the next time

I've been thinking so much about
Our last conversation
Even though I sounded mad
You've always brought me elation
I never meant to stale the air
To cloud our communication
Something about the tone of your voice
Left my heart an abrasion

So I wait for you
So I wait for you
So I'll wait forever
Enslaved me
And trapped me in this lethal cell
Enslaved me
I can't breathe
The lies that you tell

Enslaved me
And trapped me in this lethal cell
Enslaved me
I can't breathe
The lies that you tell

Whatever hope was left has faded now
By your cruel intentions
Now the candle's gone and I'm still here
I'm still here

Enslaved me
And trapped me in this lethal cell
Enslaved me
I can't breathe
The lies that you tell

Enslaved me
I can't breathe
This lethal cell
Enslaved me
I can't breathe
The lies that you tell
