RUNNINÂ' THRU THE FIRE

I got smokestack lightning
RunninÂ' right thru my veins
Trouble hanginÂ' round my neck
Like a ball & chain

Gotta be more than this to
Being alive
Everyday just spittinÂ' out nine to five
Every night runninÂ' all over this town
CominÂ' home feelinÂ' no pain

I got a hunger and cold desire
Someday itÂ's gonna take me
higher
just another small flame
runninÂ' thru the fire
just another small flame
runninÂ' thru the fire

runnin thru the fireÂ....itÂ's
gonna get hot
runninÂ' thru the fireÂ...ready
or not
runninÂ' thru the fireÂ...any
way your turn
runninÂ' thru the fireÂ....your
gonna get burned

IÂ'm rollinÂ' down the alleyway
HeadinÂ' for the neon lights
I got a soul full of stuggle
And I need a little mercy
Tonight

This worldÂ's asking just a little
Too much
Honey I need a lovinÂ' tender touch
Just move your body close to mine
Make everything alright
I got a hunger and cold desire

Someday it's gonna take me higher
Just another small flame
runnin' thru the fire
just another small flame
runnin' thru the fire
runnin' thru the fire...it's
gonna get hot
runnin' thru the fire...ready
or not
runnin' thru the fire...any
way your turn
runnin' thru the fire...your
gonna get burned

(solo) X2

runnin' thru the fire...it's
gonna get hot
runnin' thru the fire...ready
or not
runnin' thru the fire...any
way your turn
runnin' thru the fire...your
gonna get burned
