Oh my God, you know

I'm the best when it comes to makin' love all night
Throw your butterscotch body beneath the red light
Blaze it up girl, I'm a lace it real tight
Go deep 'til the full moon turn to sunlight

'Til the darkness is gone love remains strong
Like the bond between the child is so warm
'Til the touch, passionate interludes is such
When your gone, your body's what I yearn to clutch

Just imagine ecstasy floatin' in a cloud
Animal attraction burnin' through the crowd
Heaven on earth, paradise for a price
It's cool though, I'll play ya for the rest of my life, you
know why

Ain't nobody does me better
Makes me happy, makes me feel this way
Ain't nobody does me better

You can take it girl, stop runnin'
You can take it girl, stop runnin'
You can take it girl, stop runnin'
You can take it girl, stop runnin'

I'm explorin' your body and your erogenous zones
Like a black tiger caged up, 'til you come home
Lovely you make a man swoon like a boy
The love is so soft, it gets hard to enjoy

'Cause the mind flies, and sometimes the sex lies
Smooth little girls fall in love with rough guys
But you can chop a big heart down to pint size
I guess that's what it sounds like when the dove cries

The whole world is trapped up in a maze
But you say there's real good lovin' for rainy days
The Lord, works in mysterious ways
He musta put you on this earth for all men to praise

Ain't nobody does me better
Makes me happy, makes me feel this way
Ain't nobody does me better

You can take it girl, stop runnin'
You can take it girl, stop runnin'
You can take it girl, stop runnin'
You can take it girl, stop runnin'

As I travel through your body, our souls become one
Indivisible, it's getting critical, son
I'm on the run from love, it chased me out the bag
Get the point boo, you hit it right on the head

It's an endless adventure, two bodies collide
Can't fulfill a dreams with a queen by side
Forever, infinite time we intertwine
Destiny, if we fall in love by design

What's yours is mine and what's mine is yours
The road less traveled is ours to explore
I adore you, heavenly angel shine light
Hold my hand, I'll be your guide through the night

Ain't nobody does me better
Makes me happy, makes me feel this way
Ain't nobody does me better

You can take it girl, stop runnin'
You can take it girl, stop runnin'
You can take it girl, stop runnin'
You can take it girl, stop runnin'

You can take it girl, stop runnin'
You can take it girl, stop runnin'
You can take it girl, stop runnin'
You can take it girl, stop runnin'

Come on now, a man will choose a woman
A woman chooses a man, give you half for a second
Then I'll give you the full plunge
Uh, [Incomprehensible]

Ain't nobody does me better
Makes me happy, makes me feel this way
Ain't nobody does me better
Makes me happy, makes me feel this way

Ain't nobody does me better
Makes me happy, makes me feel this way
Ain't nobody does me better

Makes me happy, makes me feel this way

Ain't nobody does me better

Makes me happy, makes me feel this way

Ain't nobody does me better

Makes me happy, makes me feel this way
