There is no use in dying
When still I seem to be undone
There is no use in trying to find again
The love of someone
Where have I gone and come so far
Well, I've been headed nowhere
I have been walking quite a while along
Feeling lonesome

Don't you worry, they won't find my body
I want you to know I found
Peace in another world
Don't keep digging, I want you to leave
Back away from the place
where my ashes are buried

I still can hear your breathing

As if you'd never gone away
I still can feel your touch, your tenderness
As if you were still there
There is no sense in crying
Only liquid running from my eyes
And all the feelings I restrain
Are the remainders that survived

Don't you worry, they won't find my body
I want you to know I found
Peace in another world
Don't keep digging, I want you to leave
Back away from the place
where my ashes are buried
