To tell you the truth. I really do repent with all my heart.  
The nights we couldnt stop the fighting.  
To tell you the truth, I can't remember when it all  
began.  
But now Im seeking for forgiveness.  
Hey, believe me when I say  
I curse the day that I left you standing in the doorway.  
To tell you the truth, my mind is hooked on you and  
words you say  
Are itching in my memory

To tell you the truth, with every touch your hand has to  
give  
My skin begins to shiver  
The feelings that I have for you  
You doubt them as if they wernt true  
And everytime, I prove my love. You judged me from  
above.  
So here I am  
I told you the truth. You know you always can rely on  
me.  
Now it's time to show your faith in me.
