Cruise in control, wind in my hair  
don't know where I'm going, don't really care  
could be so easy to stay on your track  
but I've been there, done that, ain't going back

If we stop at same red light

I'm gonna drive by  
I ain't gonna stop  
guess you were the habit that I had to drop  
I'm gonna drive by  
flat on the gas  
guess I'm just the best thing that you'll never have  
So watch me drive by

How does it feel when the tables turn  
can you handle that you crashed and burned  
I'm moving on, got nothing to say  
didn't know what you had til it slipped away

If we stop at same red light

I'm gonna drive by  
I ain't gonna stop  
guess you were the habit that I had to drop  
I'm gonna drive by  
I'm flat on the gas  
guess I'm just the best thing you'll never have  
So watch me drive by

Baby when I go down this open road  
I'll be on my way  
to a place in time  
without you on my mind
