Ice breaker
News maker
Never tried to be a faker
Underrated
Overstated
Tell me what you're waiting for
Groundshaking
Agitating
Hurry up the walls are breaking
Heart stop, one shot
Baby give it all you got

I won't look down
I won't look down until i die

Like a shot fired in the sky
This is how i learn to fly
And i don't need the answer
Kick it up at the door
This is what i came here for
And i'll just take my chance yeah

Sharp corner
Misinformed
You are getting warmer
Dislocated
Miscreated
This is how i get around
Love biting
Uniting
Don't need to see the writing
Come see, no fee
That's the way you look at me

I won't look down
I won't look down until i die

[Chorus:]
Like a shot fired in the sky
This is how i learn to fly
And i don't need the answer
Kick it up at the door

This is what i came here for
And i'll just take my chance yeah
One shot, gotta fly
Everytime i touch the sky
And i can't feel the answer
Push it up, break it down
I'm so high can't touch the ground
And i'll just take my chance yeah

What's hiding in your attic?
What makes you feel ecstatic
Light it up and watch it burn

Survivor
I'm on fire
Truth is, i'm a liar
Obligated to get jaded
Pick a seat and ride

[Chorus]

Take my chance yeah
Take my chance yeah
