Nothing I say comes out right
I can't love without a fight
No one ever knows my name
When I pray for sun, it rains
I'm so sick of wasting time
But nothings moving in my mind
Inspiration can't be found
I get up and fall but...

[CHORUS]

I'm ALIVE!
I'm ALIVE! Oh, yeah
Between the good and bad's where you'll find me
Reaching for heaven
I will fight
And I'll sleep when I die
I live, My life, I'm ALIVE!

Every lover breaks my heart
And I know it from the start
Still I end up in a mess
Every time I second Guess
All my friend's just run away
When I'm having a bad day
I would rather stay in bed
But I know there's a reason...

I'm ALIVE!
I'm ALIVE! Oh, yeah
Between the good and bad's where you'll find me

Reaching for heaven
I will fight
And I'll sleep when I die
I live, My life, I'm ALIVE!

When I'm bored to death at home
When he won't pick up the phone
When I'm stuck in second place
Those regrets I can't erase
Only I can change the end
Of the movie in my head

There's no time for misery
I won't feel sorry for me

I'm ALIVE!
I'm ALIVE! Oh, yeah
Between the good and bad's where you'll find me
Reaching for heaven
I will fight
And I'll sleep when I die
I live, My life, ohh!

I'm ALIVE!
I'm ALIVE! Oh, yeah
Between the good and bad's where you'll find me
Reaching for heaven
I will fight
And I'll sleep when I die
I live, my hard life,
I live, my life
I'm ALIVE!
