Come and get my love u are all I need all I'm dreaming
of (all I'm dreaming
Of)
Come and get my love
Come and get my love
Come and get my love

Turn it up come on come still need ur loving
Turn it up come on come on u make it alright
Turn it up come on c'mon I feel it coming
Turn it up c'mon c'mon when I turn off the light

I still feel u baby and my world keeps going down
I remember how u touched me how u turned my heart
