I don't know, what went wrong
You touch my hand, then act as if we don't belong
Ain't no thing, so you say
You come on strong and then you change and walk
away
You try to stare me down with your lies,
But I look in your eyes and

I turn to stone
You are not the one I used to know
And you'll take and I'll break but I'll go
Where it's safe I turn to stone
But life goes on and on

Don't recognize, who you've become
You're acting sly, right in front of everyone
Ain't no thing, so I've been told
I'm still the one at night you call and try to hold
But I got a lightning rod in my vein
I can't explain

I turn to stone
You are not the one I used to know
And you'll take and I'll break but I'll go

Where it's safe I turn to stone
But life goes on and on
Oh your true colors are starting to show
I will build up this wall and I'll go
Nothings left, I turn to stone
But life goes on

Nothing is the same
You will never change
And I am out the door
Gotta save myself
From this jaded hell
I can't take anymore

I don't know, something's wrong

Cuz I turn to stone

You are not the one I used to know
And you'll take and I'll break but I'll go
Where it's safe I turn to stone
But life goes on and on
Oh your true colors are starting to show
I will build up this wall and I'll go
Nothing left, I turn to stone
But life goes on, and on and on
