Bazookas and fisticuffs  
Medicating in Porsches  
98-karat stick shift  
Chinatown late-night meals  
Alfonzo giving me a backrub  
2 p.m. laser vizzaginal rejuvenation  
Triple album project  
Detonating' tracks like these  
Magnums and Barrettas  
Part-time hostages in pottery classes  
Blind date at the wax museum  
Norwegian hockey players  
Passed out in government limos  
Prime ministers with cryogenic faces  
Louis Vuitton suitcases  
Autographs and paid vacations  
Divorce papers and synthetic lubrications  
Playing' you like top-40 stations  
Ah... you know the deal  
Arabian nights  
White satellites  
Voodoo is tight/tied?  
Airbrushed memories strewn like  
Pamphlets into fifth Mississippis  
Time-lapse footage of duct-taped lies  
Animal frequencies pinching deodorized nerves  
Cosmetic procedures  
On the cartilage of apocalypse  
Mannequin tycoons with airport-piano-bar mystiques  
Remodeling conjugal amaracus  
Flexing like suburban Spartacus  
Getting smacked up by unemployed hand models  
Running out into the middle of traffic with beaujolais  
bottles  
Arabian nights  
White satellites
