Somehow... someway... somewhere

(Chorus)

Bad blood - When you speak you know I'll listen
Bad blood - all your kisses now I'll miss them
Bad blood - a bulletin on in car system
Bad blood is back

There are those who complain
There are those who cope
There are those who lose all belief
There are those who still hope
There are those who can solve your problems
There are those who live life like a TV...
Life like a TV soap

Gonna bring bad blood

(Chorus)

There are those you should meet
There are those to avoid
There are those who act brave in defeat
There are those who feel destroyed
There are those who just mute the heartache
There are those for whom life ain't over...
Life ain't overjoyed

Gonna bring bad blood

(Chorus)

And bad blood breeds bad

What's good?
What's good?
What's good about goodbye?
Heartache... heartache... heartache...

(Chorus)

And bad blood breeds bad
Bad blood... bad blood...
