(now brothers and sisters,...(? ) in vietnam...  
And I want you all to be singing while i'm  
Pickin up these herbs here...)

Big stompin mama with a can of ?  
Thick gold chain wrapped around your neck  
Bottle of pain plate in the wedge  
? ? ? ? ?  
Big stompin mama with a big check comin

Discount finger with a ring all around it  
Stump-back dog cake eatin up blood (? )  
Steamboat blowin up the gale all the mud  
Gettin what ya need off a broke-face weasel  
And the diesel burning oil in the campfire roach  
She's a lover she's a money-squeezin  
Never-please-her all night long
