I can't believe  
What we've  
Seen outside  
You and me  
Watching the jets  
Go by  
Oh, ooh, oh  
Oh, ooh, oh

Down by the sea  
So many people  
Already drowned  
You and me  
Watching the sea  
Full of people  
Try not to drown

So many people  
So many people  
Where do they go?  
You and me  
Watching the sky  
Full of chemtrails  
That's where  
We can go

All I can take  
From these skies  
Is fog  
And all I can see  
In this light

A boat sinking  
Oh, ooh, oh  
Oh, ooh, oh

Down by the sea  
Swallowed by evil  
Already drowned  
You and me  
Watching the sea  
Full of people

Already drowned  
So many people  
So many people  
Where do they go?  
You and me  
Hit by a cloud  
Full of evil  
Watching the jets  
Pass go by  
You and me watching  
You and me watching  
Chemtrails is where we belong  
That's what I mean  
When we talk  
In this slipstream  
We're climbing  
A hole in the sky
