Get tossed in a ditch your coffin is sick  
While I floss in the awesomest whips and I toss in your

Your caution when your calling your six  
Cause your talk can get you crossed and lost in the mix  
I'm a pause in the bitch bossed in the pits

And give your the Holy Spirit and see you to gods

And Ja be thy name, I know your all praying  
For the day of my diminishing,  
Why don't somebody finish them off and put it right  
through his cross  
The X is the 50 ya'll got to be kidding me  
These niggaz is my sons I raised them from young

Cause they bitch made and they act like one of my
