Pull the car over
Throw out your clothes
The smell is disgusting
Where does it go?

Tear down the houses
The ones that aren't there
Tear down the houses
Pull the car over

Rise you up, tell me your story
Make it all up, I'll be the judge
Rise you up, tell me your story
Make it all up, I'll be the judge

Come for a visit
Come for a stay
I won't annoy you
I won't complain

You can be crazy
Tear up all my things
Cut up the kitchens
Wear all my rings

Tell me your story
Make it all up
I'll be the judge
