She is gettin' flaky
Doesn't wanna take me
She's a special lady
Gonna shake and bake me

Feelings, I have so many feelings
And I know that I'm dealing
I'm dealing with all these feelings
Feelings--oh, feelings
Lord, I have so many feelings
And I know that I'm dealing
I'm dealing with all these feelings
I'm feeling all of these feelings

Lord, I know that I'm healing
I'm trying to feel all of my feelings
Feelings that make me feel
That there's something more to be real
Lord, I'm dealing with these feelings
Feelings feelings feelings
Oh no no, all of these feelings
When everything is turning
Turning into my feelings
And I know that something is feeling
All of my feelings
