Well it's all in your mind  
It's all in your mind  
Well it's all in your mind  
It's all in your mind

And I wanted to be  
I wanted to be  
Wanted to be  
Your good friend

Well I cannot believe  
You got a devil up your sleeve  
And he's talking to me  
And I cannot believe

And I wanted to be  
And I wanted to be  
I wanted to be  
Your good friend

You're all scared and stiff  
A sick stolen gift  
And the people you're with  
They're all scared and stiff

And I wanted to be  
I wanted to be  
Wanted to be  
Your good friend
