Full moon sways
Gently in the night of one fine day
On my way
Looking for a moment with my dear

Full moon waves
Slowly on the surface of the lake
You are there
Smiling in my arms for all those years

What a fool!
I don't know about tomorrow
What it's like to be
Ah~

I was sure
'Couldn't let myself to go
Even though I feel
The end

Oh my fair...
Floating like a bird that's in her wings
You are there
Smiling in my arms for all those years

What a fool!
I don't know about tomorrow
What it's like to be
Ah~

I was sure
'Couldn't let myself to go
Even though I feel
The end

Full moon sways
Gently in the night of one fine day
You are there
Smiling in my arms for all those years
