Homey don't play that shit

Hey, mr. asshole, what's your big hassle
Sitting in your castle, judging everyone
You're acting like it's chill
When the deal's getting ill
Why don't you break your face on my head?

Everyone's out to get you, motherfucker [x4]

Trying to annoy ya, total paranoia
Everything I do is to try to fuck you up
Screw chum chewin [?]
The house of spasm [?]
Trucks drove on the situation, dude [?]

Everyone's out to get you, motherfucker [x7]
