Yo, homey don't play like that
?

Hey, mr. asshole, what's your dirty hassle
Sitting in your castle, judging everyone
You're actin' like it's chill
When the deal's gettin' ill
Why don't you break your face on my head?

Everyone's out to get you, motherfuker

Total paranoia, tryin' to annoy you
Everything I do is to try to fuck you up
Screw chum chewin
The house of spasm
Trucks drove on the situation, dude

Everyone's out to get you, motherfuker
