You know, you know homey don't play like that
Can't believe that shit [unverified]

Hey Mr. Asshole, what's your big hassle?
Sitting in your castle, judging everyone
Your acting like it's chill while the deal's gettin' ill
Why don't you break your face on my head?

Everyone's out to get you, mutherfukka
Everyone's out to get you, mutherfukka
Everyone's out to get you, mutherfukka
Everyone's out to get you, mutherfukka

Total paranoia tryin' to annoy ya
Everything I do is to try and fuck you up
Some trauma true and I was such a spasm
Drop yourself on the situation, dude

Everyone's out to get you, mutherfukka
Everyone's out to get you, mutherfukka
Everyone's out to get you, mutherfukka
Everyone's out to get you, mutherfukka

Ahh, everyone's out to get you, mutherfukka
Everyone's out to get you, mutherfukka
Everyone's out to get you, mutherfukka
Everyone's out to get you, mutherfukka
