?? you couldn't help  
Much ?? a preacher  
With the ??  
And the fireproof  
Bones of a teacher  
And your bingo card  
Comes sacrament of a casino  
On the half of me now  
With the guillotine libido

Who's got an answer?  
Profanity prayers  
Who's got an answer?  
Profanity prayers

Well you know how it looks  
When you close  
All your books on the table  
And you stare into space  
Trying to decide the way now

And you wait at the light  
And watch for a sign  
That you're breathing  
'Cause you can't choose  
To live on air  
And float to the ceiling

Who's got an answer?  
Profanity prayers  
Who's got an answer?  
Profanity prayers

Who's got an answer?  
Profanity prayers  
Who's got an answer?  
Profanity prayers
