make a perfect replica of your life
cut the paper with exacto knife
tape it up
tape it up
it's good to have in your room
i'm so tired don't know where to begin

it's so unreal
it's all i know
it's magical
aaahhhh ooohhhh
hey, ahhh, hey, ahhh
heyyy

would you like to see me down on my knees
cause everybody's ?? disease
?? fights against me
making replicas of places to sleep

we can live in a hollow tree
grow a boat and bury the sea

??
i throw it up and now it's home for me

it's so unreal
it's all i know
it's magical
aaahhhh ooohhhh
hey, ahhh, hey, ahhh
heyyy

give it up
all this replica
that we build at home
coming up coming up coming up

aaah...
aaah...
aaah...
