I don't know when I changed to such a cold cold-  
hearted guy  
I thaw to warm this frozen, icy, lonely heart of mine  
I like being wrapped with warmness more than  
anything else for sure  
I'm take make my coming days and fill them with  
laughter and joy

I let myself down by being crueller than I thought I  
would be  
I'm just a loser learning to care for the soul inside of  
me  
I don't give my heart to no one cause I don't wanna  
waste my time  
I tried to love this loneliness to slip out from where it  
hides

[Chorus]

Sorrow is what I hate but it's grown my sensations  
Regrets taught me how to make any hard decisions  
Peace is always by my side but I've never felt it once  
Love is not a word reserved only for sweet romance

Well, I'm scared, I'm scared, I'm scared, I'm scared to  
death

And I'm scared to keep on going on my way  
Well, I'm scared, I'm scared, I'm scared, I'm scared to  
death  
And I'll tell myself I'm special till the end

Recalling my torn, broken, aching heart of these long  
days  
And all the memories I wanted to forget for making  
waves  
Recalling, breaking, aching, crying, making sure I see  
That'll take it all and grin at the future on it's way to  
me...

[Chorus]

I don't give my heart to no one cause I don't wanna

waste my time  
I tried to love this loneliness to slip out from where it  
hides...
