We got a timebomb
We got a timebomb
We got a timebomb
Na, na, na, na

We got a warning light
We got a warning light
We pull the plug out and we
Na, na, na, na

Timebomb ticking
Timebomb ticking
It's a timebomb ticking
Tick, tick, tick, tick

Timebomb ticking
Timebomb ticking
It's a timebomb ticking
Going

We got a timebomb
We got a timebomb
We got a timebomb
Na, na, na, na

We got a red alert
We got a red alert
We cut the power and we
Na, na, na, na

It's a timebomb ticking
Timebomb ticking
It's a timebomb ticking
Going tick, tick, tick, tick

It's a timebomb ticking
Timebomb ticking
It's a timebomb ticking
Going tick, tick, tick, tick

We're going sideways, highways
Riding on an elevator

Cold just like an alligator
Now my baby's out of date

Fighting and lightning
And tightening above the buckles
Of an atom bomb's timebomb
Tick, tick, tick, tick

Bah, bah, ba

We got a timebomb
We got a timebomb
We got a timebomb
Na, na, na, na

We got a red alert
We got a red alert
We pull the plug out and we
Na, na, na, na

We got a cigarette
We got a cigarette
We got a cigarette
Na, na, na, na

Timebomb ticking
Timebomb ticking
It's a timebomb ticking
Going

Bah, bah, ba
