I'm totally confused,  
By You  
I'm totally confused,  
By You

Ten Foot Man  
Making my Lunch  
I never understand  
I'm watchin' so much

And I never never wanted...  
And I never never wanted...  
And I never never wanted...

I'm totally confused,  
By You  
I'm totally confused,  
By You

Screamin' in my Face  
Whisper in my ears  
Put me in a suitcase  
...with a can of beer [click]

And I never never wanted...  
And I never never wanted...  
And I never never wanted...
