I don't know since when I changed in such a cold-
hearted guy.

I have to warm this frozen icy lonely heart to thaw.

I like being wrapped with warmness more then
anything else for sure.

I'm gonna make my coming days to be filled with
laughter and joy

I let myself down that I'm more curel then I thought I
would be.

I'm just a loser who ends up by caring for my soul.

I don't give my hear to no one cause I don't wanna
waste my time.

I tried to love this loneliness to slip out of this lonesome
hole.

Sarrow is what I hate but it's grown my sensations.

Regrets taught me how to make any hard decisions.

Peace is always by my side but I've never felt it once.

Love is not the word only for the sweet romance.

Well I'm scared, scared, scared to death.

And I'm scared to keep going on my way.

Well I'm scared, scared, scared, scared to death.

And I'll tell myself I'm special till the end.

Recalling my torn broken, aching heart of these long
days.

And all the memories I wanted to forget for making
leaps.

Recalling, breaking, aching, crying, making sure to me.

And I take all and grin at my future on the way.
