Spaceman

I always wanted you to go into space, man
(intergalactic Christ)

Spaceman

I always wanted you to go into space, man
(intergalactic Christ)

Pungent smells, they consumate my home
Beyond the black horizon, trying to take control
See my girl, she shivers in her bones
The sun and zenith rising, trying to take us all

There's a fire between us, so where is your God?
There's a fire between us
I can't get off the carousel, I can't get off the carousel
I can't get off the carousel, I can't get off this world

The sickening taste
Homophobic jokes
Images of fascist votes
Beam me up, 'cause I can't breathe

Spaceman

I always wanted you to go into space, man

I can't get off, I can't get off
I can't get off, I can't
I can't get off, I can't get off
I can't get off, I can't

It's time to terminate the great wide world
Morbid fascinations, television takes control
Decimation, different races fall
Electronic information tampers with your soul

There's a fire between us, so where is your God?
There's a fire between us
I can't get off the carousel, I can't fall off this world

The sickening taste
Homophobic jokes

Images of fascist votes
Beam me up, 'cause I can't breathe

Spaceman
I always wanted you to go into space, man
(intergalactic Christ)
Spaceman
I always wanted you to go into space, man
(intergalactic Christ)

Spaceman, Spaceman, Spaceman, Spaceman
Spaceman, Spaceman, Spaceman, Spaceman
Spaceman
Spaceman
